Fuel Up! with Ready Maid Meals

We've partnered with Ready Maid Meals to launch Fuel Up!, our new School Nourishment Program. Delicious and nutritious lunches will be available daily to ensure that students have the fuel they need to help them be successful throughout the day.

Order lunches using the new, convenient ordering system, accessible on your phone or computer. The menu is now available and our system is ready to allow you to sign up and order lunches. Preparing for lunch for your children has never been easier.

Short and long-term lunch subsidies are available through Fuel Up! for those families who find it difficult to provide healthy meals for their children due to financial hardship, or other special circumstances.

Visit <https://newwestschools.ca/programs-services/fuel-up/overview/> for more information about our program and information nights.
